Contents

**I. Introduction**

A. Purpose of the Forest Plan .....	I- 1
B. Relationship of the Forest Plan to Other National Forest Planning Levels .....	I- 3
C. Relationship of the Forest Plan to the Plans of Other Agencies .	I- 6
D. Organization of the Forest Plan.....	I- 7

**II. Public Issues and Management Concerns**

A. Issue #1 - Water Quality .....	11- 1
B. Issue #2 - Recreation .....	11- 1
C. Issue #3 - Forest Management/Thresholds .....	11- 2
D. Issue #4 - Further Planning Areas .....	11- 2
E. Issue #5 - Management of Environmentally Sensitive Lots .....	11- 3

**III. Summary of the Analysis of the Management Situation**

A. General Description of the LTBMU .....	111- 1
B. The Economic Environment .....	111- 2
C. The Social Environment .....	111- 2
D. The Resource Environment .....	111- 4
1. Air Quality and Noise .....	111- 4
2. Adjacent Ownership .....	111- 4
3. Diversity .....	111- 5
4. Facilities .....	111- 5
a. Roads	
b. Trails	
c. Dams and Diversions	
d. Administrative Facilities	
5. Fire and Fuels .....	111- 6
6. Fish (including threatened, endangered, and sensitive species) .....	III- 7
7. Forest Pests/Integrated Pest Management .....	111- 9
8. Geology and Groundwater .....	III-10
9. Historical and Cultural Resources .....	III-11
10. Lands .....	III-11
a. Landownership Adjustment	
b. Landline Surveys	
c. Non-Recreational Special Uses and Utility Corridors	
d. Withdrawals	
e. Rights-of-way Acquisition	

---

## LTBMU Forest Plan

11. Minerals (including energy minerals) .....	III-13
12. Prime Agricultural Lands, Wetlands, and Floodplains .....	III-13
13. Range .....	III-13
14. Recreation .....	III-14
a. Developed Recreation	
b. Dispersed Recreation	
c. Winter Sports	
d. Off-Highway Vehicles	
e. Recreation Opportunity Spectrum Classes	
15. Research Natural Areas .....	111-16
16. Riparian Areas and Stream Environment Zones .....	111-16
17. Sensitive Plants .....	111-16
18. Soils .....	III-17
19. Special Interest Areas .....	III-17
20. Timber and Vegetation .....	111-18
21. Visual Resources .....	III-19
22. Water .....	III-20
23. Wilderness .....	III-21
24. Wildlife (including threatened, endangered, and sensitive species) .....	111-22

## IV. Management Direction

A. Introduction .....	IV- 1
B. Forest Goals and Predicted Future Condition .....	IV- 1
C. Forest Objectives - Average Annual Outputs .....	IV- 11
D. Forestwide Summary of Acreage Allocations by Management Area/Prescriptions .....	IV- 15
E. Management Practices and Forestwide Standards and Guidelines .....	IV- 15
F. Management Prescriptions .....	IV- 46
G. Management Area Direction .....	IV- 54
1. Blackwood .....	IV- 57
2. Desolation .....	IV- 63
3. East Shore Beaches .....	IV- 67
4. Echo Lakes .....	IV- 73
5. Emerald Bay .....	IV- 79
6. Fallen Leaf .....	IV- 85
7. Freel .....	IV- 95
8. Genoa Peak .....	IV-101
9. Heavenly .....	IV-105
10. Lower Truckee River .....	IV-111
11. Marlette .....	IV-117
12. Martis .....	IV-123
13. McKinney .....	IV-129
14. Meeks .....	IV-133
15. Meiss .....	IV-139
16. Mt. Rose .....	IV-143
17. Roundhill .....	IV-147
18. Tahoe Valley .....	IV-155
19. Urban Lots .....	IV-163
20. Ward .....	IV-167
21. Watson .....	IV-173

## V. Monitoring and Evaluation Requirements

A. Levels of Monitoring .....	V- 1
B. TRPA Monitoring .....	V- 2
C. Monitoring Plan .....	V- 2
D. Reporting the Results of Monitoring .....	V- 4
E. Revision and Amendments Resulting from Monitoring and Evaluation .....	V- 4

## Appendices

A. Resource Implementation Plans. Technical Planning Needs. and Research	
B. Administrative Sites	
C. Tentative 10-Year Timber Sale Action Plan and Tables and Graphs	
D. Applicable Silvicultural Systems	
E. Environmental Threshold Carrying Capacities for the Lake Tahoe Region	
F. Land Capability Classification of the Lake Tahoe Basin	
G. Recreation Facilities	
H. Water Quality Management - Best Management Practices and Process	

## FIGURES

I. Framework for Forest Plan .....	I- 5
IV. Management Area Map .....	IV-55
V.1. Monitoring Process Flow Chart .....	V- 5

## TABLES

1.1 Land Area and Shoreline by Jurisdiction .....	I- 4
1.1.1 Summary Comparison of Relationships of Social Groups to LTBMU Resources .....	1.1.1- 3
1.1.2 Fish Management Indicator Species for the LTBMU .....	III- 7
1.1.3 Current and Potential Stream Quality .....	III- 8
1.1.4 Fish Species Occurrences .....	1.1.1- 9
1.1.5 Recreation Opportunity Spectrum .....	III-16
1.1.6 Sensitive Plants of the Lake Tahoe Basin .....	III-17
1.1.7 Timber Productivity Classification .....	III-18
1.1.8 Timber Land Classification .....	III-19
1.1.9 Wildlife Management Indicator Species for the LTBMU .....	III-23
1.1.10 Status of Wildlife Management Indicator Species .....	1.1.1-24
IV.1 Average Annual Outputs by Decade for the Forest Plan .....	IV-12
IV.2 Acreage Allocation by Management Prescription and Management Area .....	IV-14
IV.3 Practices Allowed or Prohibited for Each Prescription .....	IV-52
V.1 Monitoring Plan .....	V- 7

---

## LTBMU Forest Plan

### MAPS

#### Management Areas

1. Blackwood .....	IV- 56	11. Marlette .....	IV-116
2. Desolation .....	IV- 60	12. Martis .....	IV-122
3. East Shore Beaches .....	IV- 66	13. McKinney .....	IV-128
4. Echo Lakes .....	IV- 72	14. Meeks .....	IV-132
5. Emerald Bay .....	IV- 78	15. Meiss .....	IV-138
6. Fallen Leaf .....	IV- 84	16. Mt. Rose .....	IV-142
7. Freel .....	IV- 94	17. Roundhill .....	IV-146
8. Genoa .....	IV-100	18. Tahoe Valley .....	IV-152
9. Heavenly Valley .....	IV-104	19. Ward .....	IV-166
10. Lower Truckee .....	IV-110	20. Watson .....	IV-172
